

TM-D1

Wi-Fi Video Doorbell with Wireless Chime

See, hear and speak to visitors from anywhere via smartphone

— HD video, night vision, motion detection, 2× rechargeable batteries

The Nexakey TM-D1 is a Wi-Fi video doorbell designed to enhance home and office entrance security with live HD video streaming, two-way audio, and instant motion detection alerts. Powered by two rechargeable batteries with no wiring required, it installs in minutes on any door or wall. The included wireless chime plays inside the home when the doorbell is pressed, while the mobile app lets users see, hear, and speak to visitors from anywhere in the world. Night vision and smart home integration make the TM-D1 a complete, convenient, and reliable video doorbell solution for homes and small offices.

KEY FEATURES

- ✓ **HD Live Video Streaming** — real-time high-definition video of your doorstep accessible from any smartphone or device
- ✓ **Two-Way Audio Communication** — built-in microphone and speaker allow clear conversations with visitors without opening the door
- ✓ **Motion Detection Alerts** — instant push notifications sent to your phone when movement is detected at the entrance
- ✓ **Night Vision** — infrared night vision ensures clear video even in complete darkness — 24/7 monitoring capability
- ✓ **Wireless Chime Included** — plug-in wireless chime rings inside your home when the doorbell button is pressed
- ✓ **2× Rechargeable Batteries** — no wiring needed — rechargeable battery-powered design for simple, cable-free installation
