P23GW

Feature-Rich Business IP Phone

The P23GW business IP phone by FlyingVoice offers a wide range of features designed to enhance your business communication experience. Equipped with a 2.8-inch large backlit IPS color screen, this multi-functional Wi-Fi phone is perfect for visual collaboration. It features built-in Gigabit Ethernet ports, PoE and a USB 2.0 port that supports call recording via a USB flash drive. Additionally, the phone supports an EHS10 adapter and a Bluetooth dongle to support various headsets. This model also includes built-in 2.4GHz & 5GHz dual-band Wi-Fi, which enables VoIP calls without the need for a wired connection.

Key Features and Benefits

HD Voice

The P23GW supports the Opus Wideband Codec, advanced echo cancellation technology, and intelligent noise cancellation technology to deliver HD voice quality.

Dual-Band Wi-Fi and Convenient Networking

FlyingVoice's P23GW supports 2.4GHz & 5GHz Wi-Fi and includes a PoE module to meet the office needs of enterprise wired/wireless networks. These features enable you to connect to a network and access the internet without any hassle.

USB Expansion

The P23GW includes a USB 2.0 interface that enables USB flash recording, DECT, and Bluetooth wireless headset access.

Simple Installation and Easy Deployment

FlyingVoice's P23GW IP phone can be easily deployed and managed by online platforms such as FACS and FRPS. It also supports auto-provisioning modes FTP/TFTP/HTTP/HTTPS/TR069, which makes remote management a breeze.

Highlights

- 2.8" 320×240px Backlit Color Display
- 8 SIP Accounts
- Built-In 2.4G & 5GHz Wi-Fi
- Opus Codec Support
- Dual Gigabit Ethernet Ports
- USB 2.0 Port for USB Recording
- Supports PoE
- DECT & RJ9 Headset Support
- 6-Way Audio Conferencing
- HD Voice
- Stand With 2 Adjustable Angles
- Wall Mountable

Phone Features
