Borderless

A compact 22-inch IPS Full HD monitor delivering **1920×1080 at 120Hz** with a 5ms G2G response time and 99% sRGB colour accuracy. The NX22DFI features three-side borderless design, AMD FreeSync support, and built-in speakers — with Low Blue Light and Flicker-Free technology for comfortable all-day use. An ideal first monitor, office display, or secondary screen for multi-monitor setups.

KEY FEATURES

- ✓ **120Hz Refresh Rate** — smooth, fluid motion for everyday gaming, video, and productivity use
- ✓ **22-Inch IPS FHD Panel** — 1920×1080 with 178°/178° wide viewing angle and 99% sRGB colour
- ✓ **AMD FreeSync Support** — adaptive sync eliminates screen tearing across compatible GPUs
- ✓ **3-Side Borderless Design** — ultra-slim bezels for clean aesthetics and seamless dual setups
- ✓ **Low Blue Light + Flicker-Free** — reduces eye fatigue during extended work or study sessions
- ✓ **Built-in Speakers** — integrated dual speakers — no external audio required

APPLICATIONS

- Home & Office Productivity
- Everyday Gaming & Esports
- Secondary / Multi-Monitor Setups
- Education & Study Setups
- Retail & Commercial Displays
- Content Browsing & Entertainment
