Borderless

A 24-inch IPS Full HD monitor designed for smooth, comfortable use across gaming, productivity, and content consumption. The NX24DFI delivers **1920 × 1080 resolution at 144Hz** with a 5ms G2G response time, 99% sRGB colour accuracy, and AMD FreeSync support. Three-side borderless design, built-in speakers, Low Blue Light and Flicker-Free technology make it ideal for extended daily use in any home or office environment.

KEY FEATURES

- ✓ **144Hz Refresh Rate** — smooth, tear-free motion for gaming, video, and fast-scrolling content
- ✓ **24-Inch IPS FHD Panel** — 1920×1080 with 178°/178° wide viewing angle and 99% sRGB colour
- ✓ **AMD FreeSync Support** — adaptive sync eliminates screen tearing across compatible GPUs
- ✓ **3-Side Borderless Design** — ultra-slim bezels for clean, minimal aesthetics and multi-monitor setups
- ✓ **Low Blue Light + Flicker-Free** — reduces eye strain during extended work or gaming sessions
- ✓ **Built-in Speakers** — integrated dual speakers — no external audio required

APPLICATIONS

- Home & Office Productivity
- Gaming & Esports
- Content Creation & Editing
- Multi-Monitor Workstations
- Education & Study Setups
- Retail & Commercial Displays
