

C-Yark CSL-857THS Ceiling Speaker

Key Features:

- Supports selectable output: 60W / 30W / 15W / 7.5W
- Dual Voltage Compatibility
- Two-Way Coaxial Design
- Enhanced Bass Performance
- Durable & Elegant Construction

Product Overview

The 8" High-Power Ceiling Speaker is designed for professional public address (PA) systems, conference rooms, commercial buildings, shopping malls, educational institutions, and hospitality environments. Featuring a two-way coaxial structure, pure copper transformer, and rear enclosure bass enhancement, it delivers powerful, clear, and stable audio performance for long-term continuous operation.

Feature	Specification
Rated Power	60W / 30W / 15W / 7.5W, 8Ω : 80W
Input Voltage	70V / 100V
Sensitivity	94 dB
Frequency Response	55 Hz – 20 kHz
Woofer	8" × 1
Tweeter	1" × 1
Product Dimensions	320 mm × 245 mm
Cutout Size	292 mm
Material	Iron
Net Weight	5.3 kg
Installation Type	Ceiling Mount

System Advantages:

- Wide frequency coverage (55Hz–20kHz)
- High sensitivity (94 dB) for efficient sound output
- Strong bass performance due to rear enclosure
- Flexible wattage selection for zone-based installations
- Clean ceiling integration with magnetic grille

Applications:

- Conference Rooms
- Corporate Offices
- Shopping Malls
- Restaurants & Hotels
- Educational Institutions
- Airports & Public Facilities
- Mosque / Religious Sound Systems
