

## PH-PNC

### Wearable SOS Emergency Button

*One press — instant alarm to your security system  
— wearable, 100m range, 2-year battery life*

The Patrol Hawk PH-PNC is a compact wearable SOS button designed for personal emergency response. A single press of the red button instantly triggers an alarm signal to the Vcare-10 alarm gateway and connected monitoring centers via 433MHz wireless at  $\geq 100m$  open-area range. Worn as a pendant on the included lanyard, it is purpose-built for elderly residents, lone workers, medical patients, and security personnel who need immediate one-touch emergency access at all times.

#### KEY FEATURES

- ✓ **One-Press SOS Activation** — single press of the red button instantly triggers the alarm — no unlock or menu navigation required
- ✓ **100m+ Wireless Range** — 433MHz signal reaches  $\geq 100m$  in open areas, covering entire home or office from any room
- ✓ **Wearable Pendant Design** — lightweight circular form factor with included red lanyard — worn around the neck for constant access
- ✓ **2-Year Battery Life** — powered by 2× button batteries lasting approximately 2 years — low maintenance, always ready
- ✓ **Vcare System Compatible** — pairs directly with Vcare-10 WiFi, Vcare-10 4G, and all standard 433MHz alarm gateways
- ✓ **Medical & Elder Care Ready** — simple one-button interface requires no technical skill — ideal for elderly, patients, and caregivers

#### APPLICATIONS

- Elderly & Assisted Living Residents
- Lone Workers & Night Staff
- Hospital & Medical Facilities
- Bank Teller & Cash Handling Staff
- Home Security & Families
- Security Guard & Field Operations
