

## PH-Control

### Wireless Touch Keypad with RFID & PIN Control

Arm, disarm & home stay — PIN or RFID card  
— 100m wireless range, 2×AA battery powered

The Patrol Hawk PH-Control is a 433MHz wireless touch keypad providing wall-mounted PIN and RFID card-based arm/disarm control for any Vcare-10 alarm system. With dedicated function keys for full arm, disarm, home stay arm, and alarm bell, it gives household or office users a convenient fixed-panel alternative to the mobile app — without any wiring. The package includes 2 RFID cards for contactless access and 2×AA batteries for immediate installation.

#### KEY FEATURES

- ✓ **Dual Access Control** — arm and disarm by entering PIN code or tapping the included RFID card — both methods supported simultaneously
- ✓ **4 Dedicated Function Keys** — dedicated keys for Full Arm, Disarm, Home Stay Arm, and Bell/Panic — no menu navigation needed
- ✓ **100m+ Wireless Range** — 433MHz transmission reaches ≥100m in open areas for reliable connection to the Vcare-10 gateway
- ✓ **Wire-Free Installation** — battery-powered with adhesive or screw-mount — no wiring required, installs in minutes anywhere
- ✓ **Touch Panel Interface** — responsive capacitive touch surface with clear number and icon layout for effortless daily use
- ✓ **Long AA Battery Life** — powered by 2×AA batteries — extended operational life under normal arming/disarming usage

#### APPLICATIONS

- Residential Home Entry Points
- Office Reception & Entry Lobbies
- Bank Branch Teller Areas
- Retail Store Entrances
- Hotels & Apartment Buildings
- Schools & Educational Facilities
