01 OVERVIEW

The **NX-DK555** is a 55-inch free-standing interactive kiosk for lobbies, branches and concourses — a complete floor unit with panel, Android engine, touch and network integrated, needing only a power socket. 40-point touch on Mohs 7 anti-glare glass stands up to constant public handling, and the chassis mounts in portrait or landscape. Content is scheduled remotely through NexaSign CMS, with multi-zone layouts for queue numbers, wayfinding and promotions on one screen.

02 KEY FEATURES

01 Free-Standing, Single Cable

Panel, compute, touch and network in one floor unit — set it down and plug it in.

02 40-point Public-Duty Touch

Mohs 7 anti-glare glass rated for constant handling in high-traffic public spaces.

03 Multi-Zone Content Layouts

Queue numbers, wayfinding and promotions on one screen at once.

04 NexaSign CMS Scheduling

Daypart scheduling and estate-wide playlists pushed from a single browser.

05 Complete Port Set

USB, USB-C, HDMI, RJ45, TF and audio for peripherals, players and integrations.

06 Remote OTA Maintenance

Firmware and content update over the air — no technician callout per site.
